

Happy

Lightweight, calm and resilient. Happy is the perfect side chair for any residential or public space. The chair is stackable and the armchair has added comfort without losing its lightness. Both versions accentuate the warmth and grain of solid beech wood.

Ligera, tranquila y resistente. Happy es el perfecto asiento auxiliar de ambientes residenciales y espacios públicos. La silla es apilable y el sillón incorpora un plus de comodidad sin perder en ligereza. Ambos expresan la calidez y la textura de la madera de haya maciza.
